MAY 4, 2009

BALTUSROL GOLF CLUB

SPRINGFIELD, NJ

## SOLARIS INVITATIONAL

Join us for an exciting day of golf at the renowned Baltusrol Golf Club. Play the legendary Lower Course and help Solaris Health System meet the medical needs of our community by means of advanced treatment, state of the art technology and breakthrough research.

One of the largest health care providers in central New Jersey, Solaris Health System is comprised of JFK Medical Center, a 399-bed full-service acute care facility, the JFK Johnson Rehabilitation Institute, the Hartwyck Nursing, Convalescent and Rehabilitation Centers and the NJ Neuroscience Institute at JFK.

Your support of this important fundraising event will help to ensure successful outcomes in programs such as: The Center for Head Injuries at the JFK Johnson Rehabilitation Institute, nationally recognized as a pioneer in developing a continuum of head trauma treatment and therapy care from coma care to community re-entry – one of only a few such programs in the United States; The NJ Neuroscience Institute, one of the state's most extensive clinical programs for the diagnosis, treatment and rehabilitation of patients with complex neurological diseases and injuries; The Children's Neuroscience and Rehabilitation Center, which offers the region's only program with pediatric neurology, neurosurgery and rehabilitation under one umbrella; The Regional Cancer Center, a 31-bed unit as well as an array of outpatient services to effectively screen, detect, diagnose and treat cancers such as breast, prostate, lung, colon rectal and brain to name a few; and Cardiac Care Services, offering a full range of non-invasive cardiac diagnostic and interventional techniques including critical care, telemetry, radiologic modalities and a full-service diagnostic Cardiac Catheterization Lab that provides emergent angioplasty.

The 2009 Solaris Invitational provides a wonderful opportunity for you to play golf on a championship golf course and at the same time help us to provide advanced medical care to the patients we serve.
