

Hospital Leadership

A MESSAGE FROM

Raymond Fredericks, President & CEO

JFK is proud to directly impact the lives of thousands of area residents who turn to us for care, aid and assistance in their time of need. Our entire team serves the growing communities of Central New Jersey with compassion and clinical excellence and takes pride in the awards and accolades we have earned for both high quality care and patient safety. JFK is honored to be your healthcare partner.

Raymond F. Fredericks
President & CEO, JFK Health

About JFK Medical Center

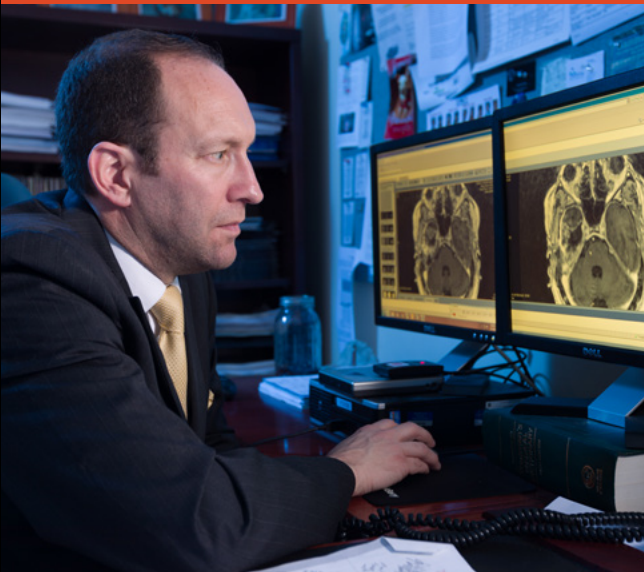

JFK Medical Center in Edison is a non-profit, 498-bed hospital with a reputation as one of New Jersey's premiere healthcare providers. With more than 1,000 affiliated physicians, JFK offers a complete array of advanced services including: general and specialized surgery, cardiac care, maternity and pediatric care, wound care and emergency medicine. JFK Medical Center is an affiliate of JFK Health and accredited by the Joint Commission.

The Emergency Department (ED) consists of 50 adult private beds, a separate Pediatric Emergency Department with 14 private beds and a spacious and efficient Patient Arrival Center. The new ED offers privacy, safety and fast access to a team of specialists trained in emergency medicine who provide streamlined patient care.

How can you support JFK?

Today more than ever, philanthropic support is critical to our ability to expand and enhance programming and keep pace with advancements in medical technology and innovations in clinical care and treatment. Contributions to the JFK Foundation have enabled JFK to undertake major building and renovation projects; launch community outreach programs for the chronically ill; acquire state-of-the-art medical equipment and technology and provide group prenatal care for low income minority women.

To learn about the different ways to give to the JFK Foundation call **732-632-1540** or to make a donation online visit www.jfkmc.org/donate.
