Grateful Patient Program

jfkmc.org/foundation

Please cut along the fold and return this panel with your donation. Thank you.

A Way to Say Thanks

It may have been the skilled neuro-surgeon who repaired your aneurysm, or the compassionate smile of a nurse during chemotherapy. Perhaps it was the hug that eased your child's fears, or a visit from a volunteer who treated you more like an old friend than a hospital patient.

There are dozens of ways that members of the JFK Medical Center health care team make a difference in the lives of our patients. We hear about them every day – through letters, phone calls and other expressions of gratitude, from trays of cookies to charitable gifts.

That is why we established the Grateful Patient Program, which allows individuals and/or their families to formally recognize the exceptional care received at JFK Medical Center. Whether you choose to salute a special doctor or nurse, an entire department, or a clinical program that impacted your health or that of a loved one, your donation is a meaningful opportunity to say "thank you," and to give back to those who may have given so much to you.

At the same time, your generosity will enhance the experience of future patients – by helping us purchase new technologies, modernize our facilities and introduce exciting medical advances while maintaining JFK Medical Center's proud hallmark of personalized care.

If you've been touched by the JFK health care team, why not pass the gift along with an honorary donation to our hospital. Your contribution will pave the way for new avenues of healing and hope... and benefit others in need.

Words of Gratitude

"I am an old veteran. I've been in and out of hospitals quite a lot, but nowhere has the care been so great. Keep up the great work."

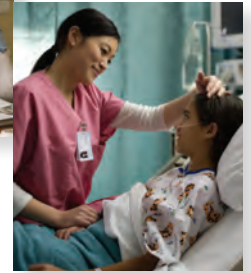

"I have seen firsthand how they [the staff] touch so many lives of different patients, from all walks of life. It was very apparent that they enjoy their jobs and they enjoy helping people through their illness."

"Everyone, from the nurses to the hospitality and housekeeping staffs, couldn't have been nicer. We are lucky to have such caring people work at our fine hospital."

Make it Personal

JFK Medical Center's Grateful Patient Program is flexible and personal. You can designate a gift of any size to a specific area, or allow us to direct the funds where they're needed most. Furthermore, you can choose to make a cash donation or contribute through other charitable gestures, such as gifts of stock or real estate, endowment funds or planned giving.

As part of this program, your donation may acknowledge a caregiver at JFK Medical Center – whether it is a physician, nurse, therapist, social worker or anyone else who made a special impression, or you may wish to give in honor or memory of a loved one.

Message from the Heart

If you'd like to participate in JFK Medical Center's Grateful Patient Program, kindly complete both sides of this form and mail it to: JFK Medical Center Foundation, 80 James Street, Edison, NJ 08820. Or give us a call at (732) 632-1540.

Even if you are unable to give at this time, you may use this space to send a thank you note to an outstanding doctor or member of the JFK team. We will forward your note of appreciation to them. When recognizing individuals, please specify their full name and department.
